

Gas Meter House

Herrick Archives Building S 45

This is a gas meter house just south of Goss Lab (180). See map below. This building appears on Sheet in the book of campus maps in the University Achives.

See Addenda Nos. 1 & 2

For identification of other buildings shown, see Appendix A.

The building is of concrete block with brick facing. It was built in the autumn of 1969 by the Service Department, because an older gas house farther south (H 468) had to be demolished to make way for the Olentangy Expressway.

See X 13905 in Photoarchives for picture of the building.

ADDENDUM NO. 1

Address arbitrarily assigned for indexing purposes: 1905 Coffey Road.

John H. Herrick

February 17, 1976

See Addenda No. 2

ADDENDUM NO. 2

Campus Planning now lists this building as Building 291 at 1925 Coffey Road, the same address as Goss Laboratory. This nullifies Addendum No. 1.

John H. Herrick

March 2, 1976

ADDENDUM NO. 3

Campus Planning records now show the gross area of this building as 294 square feet.
